

The Systematist

Newsletter of the Systematics Association

Number 28 2007

www.systass.org

ISSN 1744-5701

Inspirations

Kate Jones on bats
and biodiversity

Book reviews

The giraffe's long
neck, neotropical
savannas, and verte-
brate phylogeny

Quo Vadis

Whatever happened
to cladistics?

Presidential Report
Status and objectives of the
Systematics Association

What is taxonomy's unexamined impediment?
